## SPECIFICATIONS

---

Model 5867 fountain regulator is a lead-free plastic pressure regulator currently used on all Haws HO "hands-off" sensor-operated electric drinking fountains. It will maintain a constant stream height with line pressures that vary from 45 - 90 PSI (3.1 - 6.2 bar), and has 1/4" IPS inlet and outlet.

## APPLICATIONS

---

Product is compliant to California Health and Safety Code 116875 (AB 1953-2006).
